May 9, 2024

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **Chino Benson Emergency Power Generator Project** in fiscal year 2025. The entity to receive funding for this project is the **City of Chino, located 12811 6th Street Rancho Cucamonga, CA 91739**. The funding would be used for power generator equipment to power the treatment facility, booster pump station, and both onsite wells. The project is an appropriate use of taxpayer funds because it will enhance the effectiveness of the City's Emergency Response Plan for the public drinking water system by installing emergency power generating capability to enable mitigation of adverse impacts resulting from a potential long-term power outage.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Norma J. Torres

Member of Congress
